WHERLING, Dec. 8th, 1868.

I have visited Dr. Lighthill at the McLure
House and obtained his treatment for the
eure of Deafnoss and noises in the ears, with
which I have suffered for four years; and
can say that I have been greatly benefitted
by its use, although I have applied it but
twice, and that the treatment is perfectly
painless and calculated to produce permanent and beneficial results.

CAPT. SILAS F. MILLER,
Proprietor of the Burnett House Cincinnati,
BURNETT HOUSE, February 9th, 1867.

To MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

DR. A. P. LIGHTHILL—DEAR SIR:—Your treatment in the cure of my Catarrh has hall the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incurable, and I had exhausted all other modes of treatment, without the least benefit. My case was so chronic and troublesome, that by giving a few of the symptoms the value of your treatment can be more readily estimated. For years I had been afflicted with a constant cold in the head, obstructing my breathing so as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these haraened lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was offensive; my memory became impaired. Dizzines and light headiness made their appearance, and of late symptoms of paralysis stepped in, and when I placed myself under your care one side of my face was badly affected by this dread disease. My general health suffered alike, there was a constant tired, drowsy and debilitated feeling, with no energy to move or act; I felt as tired on rising in the morning as I did on going to my bed, my appetite was capricious and my disposition morose. In that condition I placed myself under your care, and am happy to state that all those disagreeable and dangerous symptoms by giving this publicity you will benefit others similarly affected my oblige me.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out my appropriate sphere, I have in all cases declined, but with rious instances, my own family, of Hoofiand's German Bitters, I depart for once from my usual course, express Hoonand's Ger I man Eitters, I depart for once from my usual course, express my full conviction that, for general debitty of the system, and especially for Liver Complaint, it is a safe and vatuable preparation. In some cases it may fall; but usually. I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
